

2017 Members Survey Questionnaire.

Dear Member

As you will be aware Longside Golf Club has an ongoing five-year plan to help improve the facilities that are provided at the Club. As in the previous two years we have asked members to complete a questionnaire to provide the committee with information to enable us to do so and gauge the opinion of our members.

The link provided below will take you to the questionnaire, the completion of which is self-explanatory. To enable us to assess the information it is requested that the completed questionnaires are submitted by the 31th August 2017.

Longside Golf Club is run by the committee for the benefit of all of its members and therefore your opinion on the subjects raised in the questionnaire are important to us, so that we can ensure that the Club is providing the facilities you expect now and what changes we can introduce so that this continues into the future.
